*Looking Ahead*

*Hi everyone.*

It was great to see so many folks at the Banquet and of course always nice when we have a gathering of the cars. Another fine example of many in the club working together so we can have a wonderfully fun event. Looking outside there always seemed to be a few folks wandering around for a look at the cars before continuing on their travels on the back path.

As I am writing this in April, I just finished my taxes. Always amazing; and now I can start looking at the calendar and thinking about the upcoming tours and other opportunities of getting 'Margarita' out for a spin. Good thing our old cars have pretty good gas mileage.

Please remember to give your car the TLC it needs to operate safely. Starting to misfire or run rough? Brakes not stopping as well as you remember? Maybe it is time to stop in at 'Al's Garage' on a Saturday morning for a check. (Okay, it could be associated with leg muscles, maybe a walk about would help. LoL)

### Editor's Corner By Dick Wyckoff

A giant big **'Thank You'** to all who sent cards and especially to those that attended the Memorial service for my wife, Jan. The Model As that were on display were a hit with all the guests. It was a wonderful tribute to a beautiful, talented lady. I also want to thank Theresa and Cliff for providing the beautiful floral display from the Harbor Club. Jan will always be remembered for her support of this club and other organizations that she was a member.

Let's not forget three other members that also passed recently. **LeOra Combs, Jay Skinner and Frank Young** will be remembered for their participation and contributions to the club over many years. Please keep all these members in your thoughts.

*"Those we love remain with us for love itself lives on, and cherished memories never fade because a loved one's gone. Those we love can never be more than a thought apart. For as long as there is memory, they'll live on in our hearts."*

Looking ahead, several events are being planned now that the pandemic scare has lessened. We have swap meets, shows, tours all in the works. We'll keep you posted.

The outdoor theatre in Solvang is closed for refurbishing but Santa Maria has an indoor theatre and the play is Sound of Music performed by the same group we see in Solvang. We currently have no tour director so Donnis informed members there is a small group trying to come up with ideas to keep members busy. ### *2022 CCRG Jamboree in Paso Robles*

During the first week of April, 190 Model A enthusiasts, including 13 intrepid travelers from the Harbor Area Model A Club, made their way to Paso Robles for the 2022 CCRG Jamboree hosted by the Paso Robles As. Jim and Kathy Valot and Mickey and Bea Fruchter drove their Model As all the way there, while Jack and Joan Gordinier and Steve and Weeg Thompson trailered their cars. Most of the activities were based at the Paso Robles Event Center which is also the site for the California Mid-State Fair held at the end of July. Most of us drove up on Monday, and the Jamboree got underway on Tuesday. That morning provided a chance for us to spend time visiting with club members from various other clubs, either meeting new people or catching up with those whom we have met before, and choosing which items to put our opportunity drawing tickets in. In the afternoon, many of us made a visit to the nearby Pioneer Museum which has numerous exhibits designed to preserve the special heritage of the area around Paso Robles. The museum boasts a local brands display, including a short history of brands and several branding irons, and an extensive collection of barbed wire (898 different kinds!), along with lots of photos and memorabilia of early life in the area. That evening we were treated to a delicious Santa Maria style barbecue dinner and entertainment by Monte Mills and the Lucky Horseshoe Band. They were terrific!

Wednesday started early with the tours. The Valots toured The Brassworks, which manufactures custom radiators, and the Estrella Warbirds Museum and Woodland Auto Display located near the Paso Robles Airport. The museum includes military aircraft and other vehicles as well as various weapons. The Auto Display focuses primarily on racing vehicles, but also includes vintage and classic automobiles, as well as preserved historical motorcycles. The rest of us visited the Camp Roberts Historical Museum located, as you might guess, at Camp Roberts, which started training soldiers during World War II and Korea (rumor has it that our own Art Wagner trained there!) and later became a training site for the Army National Guard. The museum has lots of interesting exhibits about the camp's history, including a photo wall of celebrities who trained at the camp (before they were famous) and the celebrities who came and entertained the troops there. The drive to and from Camp Roberts was a delightful opportunity to drive through the still green hills and along a tree-lined stream on what felt like a Model A era country road. Peggy Wishon especially enjoyed her ride back from the tour in the Thompsons' phaeton, only her second ride in a Model A in the past 20 years. Following the tours, most of us had a rest before our evening meal of prime sliced sirloin and grilled Alaska salmon. The entertainment that night was provided by Cyndi Krill and Jodie Christianson. The ladies were kind enough to lead the entire room in singing Happy Birthday to Mickey who was celebrating his birthday that day! We even had some winners in the opportunity drawing: Jim Huizdos, Steve Thompson and Bea and Mickey Fruchter. After the banquet, several of us played a rousing game of Left-Center-Right in the hotel lobby with Gloria Younkin as the big winner.

When asked about their favorite part or highlight of the trip, several people mentioned the Pioneer Museum, Camp Roberts and The Brassworks. Donnis Bates mentioned meeting Chester the dog and his bicycling friend at Camp Roberts. Gloria mentioned winning the \$24 pot in LCR. Monty's highlight was signing and writing a message on the Model A for the veterans. Fruchters' highlight was Monte Mills and his band on Tuesday night.

We all agreed we had a great time and were so glad that the CCRG Jamboree is back! Hope to see you all next year in Santa Maria.

## MAFFI Minute April 2022

### **Would You Like to Serve?**

This year the Model A Ford Foundation is looking for three (3) individuals who love the Model A hobby and are interested in serving on the MAFFI Board of Trustees. The MAFFI Board oversees the Model A Ford Museum at the Gilmore Car Museum and encourages Model A'ers around the country to support the museum through membership in MAFFI, donations to the museum operations and the Endowment Fund.

A trustee serves for three years and is eligible to serve a second consecutive term if he or she desires. Trustees must be a member in good standing of MAFFI and we strongly encourage each trustee to support both national clubs, MAFCA and MARC through membership as well. We ask that while serving on the MAFFI Board, you do not run for or accept positions on another national club's board. If you think you may be interested in serving on the MAFFI Board, please contact our Executive Director, John Marshall ([ExecutiveDirector@maffi.org](mailto:ExecutiveDirector@maffi.org)), or Jerry Morrissey ([President@maffi.org](mailto:President@maffi.org)).

The Board meets once a year on a day before Model A Day(s) at the Gilmore begin, which usually falls on the third weekend in September. Attendance at the meeting and Model A Day is strongly encouraged. Meetings and business are also conducted through email and conference phone calls so a trustee must have access to a computer for email. We like to have representation on the Board from all areas of the country. We would like to also encourage women to serve on the board.

Don't forget to register for your Model A Days prepaid events on the MAFFI website.

Thank you,  
Mike DuBreuil, MAFFI
