# HARBOR LIGHT

inside

A Note from  
Harbor President  
Rob Hernandez

The June gloom cool weather is ending and the sun is starting to warm things up. It is time for me to install the "air conditioner" in my coupe (two small fans mounted on a board). LoL

School is out so keep your eyes open for the kids running about and especially look out for electric bicycles on the side walk. I had a close call the other day when turning left and almost hit an ebike rider going the opposite way on the sidewalk. As I was waiting for traffic to clear, he was approaching from my rear at nearly 20 mph on the sidewalk.

Don't forget your large brim hat and sun block. Stay safe and I hope to see you at the next meeting or on the road.

Hats off to the Activity committee for setting up the tours and picture shows this last month. These tours are a lot of fun and educational, too. . . . The gals haven't quit yet! There are more events coming up.

This last month on Memorial Day, I took some time to look around my small home town at memorial offerings to our fallen service members. Check out (on page 5) one example.

At the last Board meeting, a couple things were brought up. First, Tim Harrison collects aluminum cans and turns them in for cash. Little did I know that he gives the money to the Harbor club! Tim mentioned that if you have these items, call him and he will make arrangements to pick them up. I think it would be fair to all if we just brought them to the club meeting and gave them to Tim. OK?

Another completely different item. . . . The Board requested that we don't wear political attire (hats, jackets, etc) to club meetings. This is a car club. Save the political stuff for other non-club activities. OK?

Enjoy the upcoming holiday. . . . July 4th. Lots of celebrations. Be safe!

## **Celebrating Memorial Day in a Big Way!** By: Dick Wyckoff

As a retired Navy Chief Petty Officer, I give Memorial Day my deepest respect. My service included a year in Vietnam in 1965 and 1966. I have seen what war can do. This last Memorial Day, I took my 1930 Cabriolet out for a drive around town here in El Segundo to think about those that gave all for the country. Many people waved as I slowly drove the residential streets. (Of course, I replied with an 'ahooga'.)

On one of the side streets, I was taken by surprise by a huge American flag flying in the front yard of a classic home. This was not any large flag, it was huge! Supported between two trees, the 15' by 35' flag took up the entire front yard. A parking space was roped off in front of the flag so anyone driving by could see it in all its beauty. I stopped nearby and got out to see the display. While admiring the flag, an elderly gentleman came out to greet me. I asked if I could park the Model A in front of the flag and he agreed. We took several wonderful pictures.

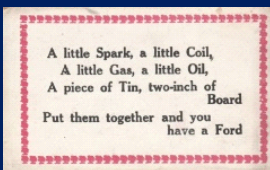

While talking, we found out that we were both retired veterans. He was in the Army about the same time as I was in the Navy. He explained that this was his way of thanking those that gave all on Memorial Day. We chatted for a while, took a few more pictures, and I drove away with a new respect for the fallen. Thanks for your awesome display, my friend.

## ***A Trip to the Flicks***

***By Weeg Thompson***

On Sunday, June 4th, nine ladies from the Harbor As enjoyed a matinee showing of *Book Club: The Next Chapter* at the Rolling Hills 20 AMC Theater. Unfortunately, none of us was smart enough to snap a photo, but participants included Donnis Bates, Joanne Covarrubias, Pat Harrison, Dot Knott, Ursi Schmidt, Linda Simpson, Weeg Thompson, Daffy Wagner, and Gloria Younkin. Trust us...if we had taken a picture you would see what a good time we had. The movie follows the journey of four best friends of a certain age who take their book club to Italy for a fun girls trip. We laughed a lot and even shed a few tears. Because this was a Harbor Area Model A Club event, you know there had to be food. Following the film, several husbands, plus Cliff and Theresa LeFall, met the ladies at Islands for "linner," (late lunch/early dinner). Once again, we failed to get a photo, but most all of you have seen us after a meal out, so we're sure you can picture exactly how satisfied we all looked.

The good news is, we have another ladies movie opportunity planned for July, and we promise there will be photographic evidence this time. Our next movie is *The Miracle Club*, starring Laura Linney, Maggie Smith, and Kathy Bates. The story takes place in 1960s small town Ireland where the close friends win a pilgrimage to the sacred French town of Lourdes at their riotous local raffle night (think opportunity drawing!). We saw the preview for this movie on our last outing, and it looked like a sweet film with both humor and pathos. We will be going to see this movie on Saturday, July 15<sup>th</sup>. The time will be determined once the theater posts them, but we will be shooting for early afternoon. Once again, no Harbor As activity would be complete without food, so linner will follow. Husbands and others who can't or don't want to see the show, are welcome to join us then. We are going to try the AMC Theater at the South Bay Galleria this time because Weeg says the seats are more comfortable because they recline! Fortunately, there's an Islands near this theater, too, so that will be our linner location.

They say a movie out with friends is never a bad idea, so please come join us!

## **July MAFFI Minute**

Not everything at the Hickory Corners Model A Museum is about preparing for Model A Days. During the second week of May, a crew consisting of MAFFI Trustees and volunteers worked hard for four days moving and parking Model A's around the Gilmore complex and the local area for multiple photos. During that time, Model A's were carefully removed from the museum building and the "C Barn" to be positioned around the Gilmore campus. Additionally, some of the cars were taken off-site and parked at other country setting locations that included a hops farm, an old church, and a lake. At the end of each day the cars were returned to their homes only to be taken out the following morning to repeat the process.

While the MAFFI Trustees and volunteers were doing this, a photographer, John Lacko, from *Hemmings Motor News*, was taking pictures. By all accounts there were probably more than 2500 pictures taken.

This flurry of activity was for the purpose of helping *Hemmings Motor News* create their Model A calendars for 2024 and 2025. These calendars will be on sale in October of this year and next year. They will be available through *Hemmings Motor News*. This calendar, dedicated to Model A's, is one of 8 different calendars that *Hemmings Motor News* sells each year.

Happy motoring,  
Mike DuBreuil  
MAFFI Board of Trustees  
Secretary

It's great fun to go through Dick's old Harbor Light newsletters, treasure hunting and learning along the way. This word puzzle was found in a 1987 issue and was previously typed by hand! I also had to look up some of the items- I had no idea what a Clevis, Perch, or Pawl was. So now I know. Enjoy!

## Lyon Air Museum - The Greatest Generation in Aviation

By Weeg Thompson

On Saturday, June 17, fifteen Club members and friends visited the Lyon Air Museum in Santa Ana, on the back side of John Wayne Airport. Those in attendance for the museum were Donnis and Monty Bates, Rob Hernandez and Brenda, Mirco and Elaine Pisu, Dennis and Linda Simpson, Andy Soto and Arlene, Steve and Weeg Thompson, Art and Daffy Wagner, and Gloria Younkin. Exhibits in the museum feature authentic aircraft, rare vehicles and related memorabilia, with an emphasis on World War II, the defining event of the 20<sup>th</sup> century. Planes on display include a DC-3, a Douglas C-47, and a Boeing B-17G. Vehicles include a 1931 Model A Phaeton, a 1930 Model A Roadster/Pickup, a 1929 Lincoln Model L Dual Cowl Sport Phaeton (which has a windshield for the riders in the back seat), and a Shelby Cobra 427 SC. Several motorcycles are also included in the museum, including Steve McQueen's 1931 Panther with sidecar. Perhaps the vehicle with the most historical significance is the 1939 Mercedes-Benz Model G4 Offener Touring Wagon which carried Adolph Hitler into Poland just after the start of World War II and again into Paris in 1940. Less historically significant, but highly culturally significant for our group, is the Helms Bakery Truck. Donnis even got to sound the compressed air whistle that used to call kids (and others) to get doughnuts and other baked goods. In addition to describing the planes, cars, motorcycles and other vehicles on exhibit, our docent Steve shared a bit about the life of the man who founded the museum, Major General William Lyon, US Air Force. Lyon had a remarkable and decorated military career, including active duty in World War II and Korea, as well as a stint at the Pentagon where he served as Commander of the US Air Force Reserve Command. He became a leader in the homebuilding business and was responsible for building over 100,000 homes in Orange County. The General, as he was called throughout his business career, was also a generous philanthropist and active supporter of the community.

Following our tour at the museum, the group moved on to Plums Café in Costa Mesa because no Club event is complete without an opportunity to eat. In the move to lunch, we lost Rob and Brenda and Andy and Arlene, but we picked up Ursi Schmidt and Gary Guttormson. We had a lovely meal on the patio, with a waiter who was gracious enough to provide us with separate checks, saving us all from having to "do the math." The good food and good company, and a little post-lunch shopping, made for a pleasant end to a fun day.

The Harbor Area A's meet monthly on the last Friday of every month at the Walteria Park Clubhouse, located at 3855 W. 1242nd St. in Torrance, California. Meetings begin at 7:30 PM (The park is located about 1-1/2 blocks west of Hawthorne Blvd. and one block south of Pacific Coast Hwy.) We'd like to invite all interested parties, even if they don't own a Model A Ford, to come and join us. Our goal is to educate the public about Model A Fords and have fun while doing it.
