**The Second Gear Grind**

Well, we are still hot, both from the weather and the fun adventures we are going on.

We all had a great time celebrating International Model A Ford Day with a well-organized Progressive/Poker run. Arlene was the big winner with Ruxella close behind. We had 13 Model A's on this tour and three Moderns, with 28 members and two guests. Great going! IMAFD is, simply, 1 day of the year when all Model A Ford Enthusiasts drive their cars, and they can have picnics or outings with friends, by themselves or with their club.

On the Progressive, we did a drive by to see Gary, went on a tour of Planet Lambretta (Motor Scooter Restorations) and visited the Japanese Fisherman's Memorial on Terminal Island, (we even crossed the Vincent Thomas Bridge, to the chagrin of some Model A Pilots...). I never knew the memorial was there. The memorial honors the first Japanese Americans that were moved to internment camps from Terminal Island at the start of World War II. And came back to nothing.

A big thank you to Donnis and Weeg for another fun and informative adventure.

Speaking of getting out and driving our Model 'A's, some months ago I mentioned the Model A Restorers Club's (MARC) Mileage Program, where you keep track of all miles you drive your Model A in a year, not just touring miles with the club, and report back to MARC at the end of the year. It is designed to encourage us to drive our cars more often. Your mileage is cumulative, so over the years it adds up. I have racked up a little less than 450 miles of "Smileage" so far this year since I joined. Dick Valot has achieved 65,000 miles in his '31 Fordor in the MARC Mileage program! I find it a fun thing to add to my enjoyment of our Town Sedan. You may too... Did I mention it only costs \$1.00.

Next Sunday, September 27<sup>th</sup>, some of us are going to the "Cops for Tots" car show at the Los Angeles Police Academy. All proceeds from this show go to the Los Angeles Children's Hospital.

Til next time, remember, "If you see someone without a smile today, give 'em yours." - Dolly Parton

By Weeg & Steve  
Thompson**

Though our club's September activities were not numerous, they were fun and, for some, rewarding (we're looking at you, Arlene and Ruxella!). It strikes us that participating in club activities does more for us than just take us to interesting places. Research has shown that social relationships significantly impact our longevity. Quality interactions with others contribute to better health outcomes and reduced mortality risk. Anyone who attends our Monday dinners or was on the International Model A Ford Day tour can tell you that this group is nothing if not full of quality social interactions! Long live our Model A Club members!!!

As always, be safe.

## International Model A Ford Day/Progressive/Poker Run

By Dennis & Linda

Early Saturday morning on the 19th of September, 13 Model 'A's, a '35 Dodge and 3 moderns, with 28 Harbor Area Members and 2 guests met at Harbor Freight for the start of our Annual IMAFD/Progressive/Poker Run where we picked our first card for our, hopefully, winning poker hands.

From Harbor Freight we did a drive-by/visit with Gary Guttormson. Weeg provided home-made scones and coffee for everyone to enjoy while visiting with Gary. We made quite the showing with the neighbors and Gary's housemates. It was good seeing Gary. We drew our second card here...

Then we traveled to Planet Lambretta for a tour of Max Nazarian's Lambretta restoration shop. For those who don't know (we had never heard of them), Lambrettas are another brand of scooters from Italy, similar to Vespas, but, according to Max, much better. Very interesting and informative. We even had a quick side trip to Milan! (see photos). Third card draw.

Next, we headed South to Terminal Island for a bit of hidden history. What fun driving our 95-year old cars over the Vincent Thomas Bridge!! Once on Terminal Island, we visited the Japanese Fishermen's Memorial. This memorial is in honor of the Japanese fishing village that thrived here from the early 1900s and to remember the first Japanese Americans on the west coast who were sent to internment camps at the beginning of World War II. Sad part of our history, in my humble opinion, but something we should remember so it never occurs again.

From there we traveled BACK over the Vincent Thomas Bridge to the San Pedro Brewing Company to feed a lot of very hungry Model A Pilots and Navigators. Here, we drew our 4th and 5th cards. Arlene was the big winner this year with Ruxella coming in second. Arlene and Ruxella bought us all lunch...not!!

Once again, our adventure brought fun and lots of 'Smileage' to our day and was a grand way to celebrate International Model A Ford Day.

### Well Suited

During the Model A era, men's suits generally consisted of three pieces: jacket, vest and pants. There were style choices to be made in all three. Jacket choices included two or three buttons, single- or double-breasted, varying lapel width and length, and vent or no vent in the back. Vests also offered options on buttons, lapels, and pockets. The Sears catalog included five pants styles, but the fine print noted a number of custom options. Buyers could have most of those styles with or without cuffs or tucks at the waist and a few could have a hip pocket. Whether bespoke or from a catalog, there were many ways to reflect your own personal style, even in a suit.

**Pumpkin Plant Adoption - \$20.00 each**  
**Participation and Lunch - \$20.00 per person**  
**Please pay by October 16, 2026 to Gloria Younkin**

We are adding something new to our Pumpkin Palooza. Our own Farmer Jim and his green thumb are busy growing pumpkins for our upcoming Palooza. To raise funds for the club, he has created an opportunity for individuals or couples to adopt one of the "Max Pumpkin Plants" he's got growing. Cost of adoption is \$20 each. Each adopter gets the opportunity to select and gather one giant pumpkin from one of the six "Max Pumpkin Plants" he has (each of which will produce a number of pumpkins in the 40-90

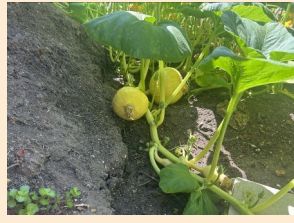

pound range) plus one pumpkin from the "Wart Pumpkin Patch."

The Harbor Area A's meet monthly, generally on the last Friday of every month at the Waleria Park Clubhouse, located at 3855 W. 242nd St. in Torrance, California. Meetings begin at 7:30 PM. The park is located about 1-1/2 blocks west of Hawthorne Blvd. and one block south of Pacific Coast Hwy. We'd like to invite all interested parties, even if they don't own a Model A Ford, to come and join us. Our goal is to educate the public about Model A Fords and have fun while doing it.
